BG1/2 Overnight

This week, the boys and girls in grades one and two had their very own overnight adventure right here at Camp Katonim! While our older campers in previous weeks had their overnights at Sibbald Point Provincial Park, our younger BG1/2 campers pitched their tents and gathered around a cozy campfire at main camp. With stories, songs, and s'mores under the stars, it was a magical night full of first-time memories, laughter, and a perfect introduction to overnight camp life!

Campers are loving life on the lake! Whether they're cruising around on the pontoon boat, splashing around in the swim area, building castles in the sand, or catching the breeze on a sailboat, the waterfront has been a highlight of the week. There's nothing quite like summer days spent on the water at Camp Katonim!

*Did you know that the camp song "Zoomba Za"
was created at Camp Katonim
about 25 years ago?*

It's been a cherished Friday tradition ever since, sung each week at "Tree." Every Friday, a new verse is added throughout the summer, making the song grow along with the season. Campers love the way the song alternates between slow and quiet and loud and fast—especially while bouncing up and down with "little ones" on their backs!
