THE OFFICIAL NEWSLETTER OF CAMP KATONIM

Hello from Week 2 at Camp Katonim!
...bringing you highlights, smiles, and snapshots
from an unforgettable second week of summer fun!

**In true Katonim style, Week 2 was packed with unforgettable
moments from start to finish!**

**We kicked things off with the BG7/8/9 C/LIT overnight adventure, got creative
with wearable tie-dye art, and enjoyed a special
TnT Late-Night filled with fun and connection.**

**Campers also dove into another exciting round
of Hobby Hubs — all leading up to our
much-anticipated, annual Talent Show!**

**Even with the heatwaves and surprise rain showers,
nothing could dampen our camp spirit.
The energy stayed high, and the joy was unstoppable!**

**The BG7/8/9 C/LIT
overnighter!**

**Campers had a blast
swimming, building fires,
and playing games under
the stars.**

**In our Nature program, some campers reeled in fish while
others hit some impressive targets during Archery!
The TnTs got creative constructing a bug village.**

TnT Late Night

The TnTs had an unforgettable time at their very first "Late Night!"

The evening kicked off with a classic dinner of hamburgers and fries.

Dinner was then followed by squeals of excitement as the TnT's pretended to "sneek" into the main dorm for a little playful "mischief"

There, the TnT's got creative, crafting necklaces made from pasta, Cheerios, and Froot Loops.

The late night wrapped up with the sticky fun of blowing Jolly Rancher bubbles! – laughter all around!
